PUBLICATIONS

Publications of academic staff in journals and conference proceedings during the period from 1 July 2000 to 30 June 2001. Authors who are not members of the School are marked by *.

PUBLICATIONS

Young, B. and Hancock, G.J.*, 2000. Experimental investigation of cold-formed channels subjected to combined bending and web crippling. Proceedings of the 15th International Speciality Conference on Cold-formed Steel Structures, St. Louis, University of Missouri-Rolla, Mo., USA, 19-20 October, pp. 71-90.

Young, B. and Hancock, G.J.*, 2000. Tests and design of cold-formed unlipped channels subjected to web crippling. Proceedings of the 15th International Speciality Conference on Cold-formed Steel Structures, St. Louis, University of Missouri-Rolla, Mo., USA, 19-20 October, pp. 43-70.

Young, B. and Hancock, G.J.*, 2000. Web crippling behaviour of channels with flanges restrained. Proceedings of the 15th International Speciality Conference on Cold-formed Steel Structures, St. Louis, University of Missouri-Rolla, Mo., USA, 19-20 October, pp. 91-104.

Young, B. and Yan, J., 2000. Finite element analysis of cold-formed channel columns. Proceedings of the 15th International Speciality Conference on Cold-formed Steel Structures, St. Louis, University of Missouri-Rolla, Mo., USA, 19-20 October, pp. 281-305.
