

FYP COMPUTING LAB FACILITIES

Hi FYP students,

Will like to highlight the available services provided by ESP Lab & EST Lab 2 for your FYP usages:

- List of Engineering and application Software available for your usages.
- Application to stay in the Engineering Software Project Lab(ESP Lab) after office hour to work on your project analysis
- Application to run analysis over night without staying in ESP Lab.
- Scanner is available for your file scanning service too but please ensure that you do not violate the copy write license issue

Approach the lab staff at the service counter for registration to use the lab computers and facilities, if you need this service.

If you still have other software needs for your FYP usages in the lab , please get help from us at our service counter or email us at estlab2@ntu.edu.sg for assistance.

Hope I have provided you a good start in order for you to be able to effectively plan and schedule your time to work in the lab and complete your project on time.

EST Lab 2	Contact number: 6790-5348	Email address: estlab2@ntu.edu.sg	Location: N1-B2b-13
ESP Lab	Contact number: 6790-5348	Email address: estlab2@ntu.edu.sg	Location: N1-B3C-47
